* Boat pictured above includes options

Sonic Jet, the leading designer and manufacturer of high performance boats has developed the world's first JET DRIVE, quick response, patented emergency vehicle. This boat will put police and E-M-S personnel on the scene quicker than any product on the market today. With a speed of up to **65 miles per hour** (105 kmh — 350 HP drive), the Patrol Rescue Jet 1500 can deliver police and emergency assistance to virtually any location on the water.

Also Included

- 24" (61 cm) emergency light bar with red & blue covered lenses. Flashing & strobe lights, front/rear work lights.
- Sealed control head & 100 watt low profile siren, hailer, warning yelp/horn system
- Navigation lights
- Two clear work lamps
- Windshield
- 10:BC fire extinguisher
- Flush mounted stainless steel tow ring
- 4-point helicopter lifting clear rings/pad eyes

Specifications

Measurement Characteristics

Overall Length	195" (4.95m)
Beam	89" (2.25m)
Overall Height	88" (2.23m)
Draft	16" (40 cm)
Dry Weight	2,100 lbs. (952 kg)
Load Capacity (gross weight)	5,000 lbs. (2268 kg)
Towing Capacity	10,000 lbs. (4536 kg)

Propulsion System

Twin Engines:

- California—Mercury Marine 200 HP Optimax
- Outside California—Mercury Marine Sport Jet 175 XR² (175 HP, oil injected)

Twin Jet Pumps: Two Mercury Marine Single Stage Axial Flow with 7.25" (18.4cm) SS Impeller
