RJE International Lands Military Contract For New Pinger

Irvine, CA March 30th 2017 - RJE International announces that RJE has been awarded a contract from the Naval Undersea Warfare Center (NUWC) in Keyport, Washington to supply the next generation End-Of-Run Location Mini-Pingers to support military tracking range.

VP of Sales, Bruce O'Bannon stated, "This is an incredible opportunity that furthers our long-standing relationship as a trusted military supplier. We're creating a unique pinger that is completely custom to their specific needs that also factors the extreme environmental rigors."

By using our advance technology at RJE, the new location pinger will give NUWC the ability to program many aspects of the pinger. This greatly expands their capability to meet different mission needs now and in the future. RJE International has a history of supplying mission critical products to the Navy and is proud to have this opportunity to further support the NUWC mission.

For more information, visit www.RJEInt.com or call 949-727-9399 for customer service.
