## **RJE International Awarded ISO 9001:2015 Accreditation**

**Irvine, CA May 9, 2017** - RJE International Inc is proud to announce that the certification audit of its corporate and manufacturing facilities in Irvine, CA, have been successfully completed and the company has been awarded the prestigious ISO 9001:2015 Quality Management System Certification.

ISO accreditation is the most comprehensive quality management standard covering all main processes within a company, ensuring these processes are not only conducted under controlled conditions, but are also subject to continuous improvement. The goal is to insure customers receive consistently high quality products and services. RJE International has always been committed to providing the highest quality equipment and world-class customer service. ISO certification ensures our customers can have confidence that RJE International is committed to maintaining its high level of quality, outstanding customer service, and continuous improvement within its organization.

“We are delighted to obtain our ISO certification,” said Bruce OBannon, Vice President. “ISO 9001:2015 certification provides evidence to customers, suppliers, and employees of our commitment to producing quality products and providing customer satisfaction.”
