RJE International celebrates 25 years of service

Irvine, CA September 26th 2016 - RJE International, a market leader of mission critical products for underwater navigation and aquatic safety applications is celebrating 25 years in business.

RJE International has built a reputation as a renowned manufacturer of quality and high tech underwater products including diver navigation, diver sonar and underwater relocation products. RJE is a leader in providing its mission critical products to the special operations community as well as other governmental and commercial customers worldwide.

CEO, Robert Jechart stated “We’ve built our business on long-term relationships. Our products are manufactured in the USA and tested to the highest standards in the industry. We have a strong commitment to investing in R&D and engineering and are currently working on several research projects which will significantly enlarge our IP and growth potential. We are most appreciative of our valued customers in over 45 countries who are the reason why we are still here today and continue to grow with a bright future for the next 25 years!”
